ARTISAN TRANCHE THREE GRANT PAYMENT

Dear Valued MQA Stakeholder,

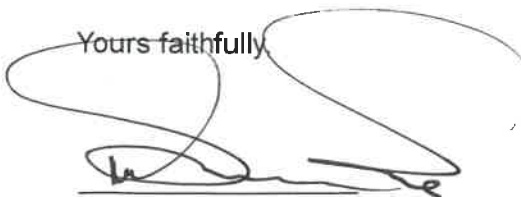

The Mining Qualifications Authority's (MQA) Funding Policy outlines how discretionary grants should be disbursed to employers and participating entities.

As per the Funding Policy, tranche three (3) of the grant payment will only be disbursed after the learner has completed fifty percent (50%) of their training, that is when the learner is halfway through their qualification.

The MQA is requesting that employers and participating entities claim their tranche three (3) payment by using the attached letter/template to confirm that fifty percent (50%) of the work or training has been done.

The MQA would like to take this opportunity to apologise for any inconvenience this may cause.

Yours faithfully

Mr Mabvuto Palale
Acting Chief Operating Officer
