

Applying for an Extension of WSP-ATR/Mandatory Grant Application 2019 in Exceptional Cases

“In terms of Sub regulations 6(5) of the Grant Regulations, the MQA may grant extension of a maximum of one month to allow for the late submission of an application for a mandatory grant, subject to a written request by an employer”. The sub regulation is not aiming to allow employers to be granted automatic extension to submit their WSP-ATR a month later than the cut-off date.

The cut-off date remains **30th April** every year. However isolated examples in the past indicated that in extreme cases there are employers who could not submit their documents by 30th April. This sub regulation allows an employer, who can prove to the MQA Board that due to circumstances beyond his or her control cannot or could not submit on or before 30th April, to be given an additional period of time to submit their WSP-ATR. In any event the actual submission of the WSP-ATR cannot occur later than 31st May each year.

Criteria

In view of the above, the MQA will only consider an application that complies with the following:

- The request for Extension of WSP-ATR Mandatory Grant Application Form is completed and signed by the SDF and Senior Management.
- The reasons for the extension request are clearly stated, explaining the circumstances beyond his/her control that results in the employer being unable to submit on or before 30th April.
- The application must reach the MQA no later than 31st March.

Process

The MQA will assess the application. If the application is approved by the MQA, the applicant will have an extension not exceeding 31st May to submit a WSP-ATR. All applicants will be notified of the outcome by email within a reasonable period. In case the application is declined, the official deadline of 30th April will apply and failure to submit on time will mean the employer would forfeit their 20% mandatory grant.
